

ELECTRONIC INDEMNITY

Portfolio number:

Date:

Preferred email address:

STANLIB Fund Managers Jersey Limited (the “Manager”) shall be entitled to implement all instructions and applications of whatever nature received on their internet site, or other electronic mediums and which appear to emanate from the share/unit holder. The Manager is indemnified against any losses; claim’s or damages arising from acting on such instructions and/or applications, notwithstanding that it may later be proved that such instruction was not given by the share/unit holder. The share/unit holder agrees that electronic records of all instructions and applications processed by, or on behalf of them, or which purport to be processed on behalf of the share/unit holder via the Managers internet site, or any other electronic mediums, shall constitute prima facia proof of the contents of such instructions or applications.

You should note that by indemnifying the Manager it may have legal consequences and you are recommended to seek independent legal advice before signing this form. Sending information electronically is not a secure means of sending instructions. The risks involved in giving instructions electronically include the risk that instructions may be fraudulently or mistakenly given, written, altered or sent and may not be received in whole or in part by the Manager. In agreeing to act on such instructions the Manager does so only for your convenience and at your risk. The share/unit holder agrees that this authority, if given, shall remain in force until you notify the Manager, in an original written format, of the termination. Any such notice shall be without prejudice to the completion of instructions already initiated pursuant to this authority.

DECLARATION

We hereby authorise the Manager to act on electronic indemnity. This authority must be signed in accordance with the signing mandate held by the Manager. The signing mandate over the holding is that as notified to the Manager on the application form, or subsequently received in writing.
