

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB TOP40 ETF - A	A	49,91	0,27	14 089 053	The investment objective of the STANLIB TOP40 Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE TOP40 Index ("the index"), or TOP40. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	✓.
STANLIB SA Property ETF - A	A	66,34	0,36	1 466 517	The investment objective of the STANLIB SA Property Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE SA LISTED Property Index ("the index"), or SAPY. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	✓.
STANLIB SWIX40 ETF - A	A	11,05	0,31	177 073 052	The investment objective of the STANLIB SWIX40 Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE SWIX40 Index ("the index"), or SWIX40. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	
STANLIB Absolute Plus Fund	A	1,48	1,69	219 853 581,08	The portfolio shall be a specialist portfolio and shall aim to achieve capital growth, as well as some level of capital protection over the long-term. In the short-term the portfolio shall aim to profit from a rising equity market and protect investors against capital losses in a weak equity market. In order to achieve this objective, the portfolio will from time to time be invested in equity securities and/or non-equity securities to the maximum level permitted by the Act that will comply with prudential investment guidelines for retirement portfolios. The manager may from time to time invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy. The manager will use a quantitative risk management model when selecting the securities that will be included in the portfolio. The model shall incrementally switch exposure from equities to non-equity instruments if the portfolio value drops towards a predetermined "protective floor".	✓.
STANLIB Absolute Plus Fund	B1	1,48	1,13	495 828 279,76		
STANLIB ALBI (Non-TR) Index Tracker Fund	A	0,95	0,53	82 616 868,96	The objective of the portfolio is to track the performance of the JSE ASSA All-Bond Non-TR Clean Price Index as closely as possible, by replicating the constituents of the index in the portfolio. The portfolio will invest in all bonds that are represented in the JSE ASSA All-Bond Non-TR Clean Price Index. The portfolio may hold cash investments as well as bonds. The portfolio will hold the constituent bonds of the JSE ASSA All-Bond Non-TR Clean Price Index in the correct weightings, as far as possible. The portfolio may differ from the index from time to time due to liquidity constraints of the underlying bonds. The portfolio may also hold listed derivatives from time to time, to effect efficient portfolio management. The portfolio will not invest in off-shore investments.	✓.
STANLIB ALBI (Non-TR) Index Tracker Fund	B1	0,95	0,35	29 821 248,23		
STANLIB ALSI 40 Tracker	A	5,62	0,49	184 301 172,78	The investment objective of the portfolio will be to focus on achieving a total compound annual return which will substantially equate to the total compound annual return of the FTSE/JSE Top 40 Index as adjusted to take into account transactions and other costs.	✓.
STANLIB ALSI 40 Tracker	B1	5,62	0,29	22 098 683,51	The securities to be acquired for the Portfolio will consist of a selection of ordinary shares, as included in the FTSE/JSE Top 40 Index.	
STANLIB Africa Income Fund	A	1,06	1,97	10 000,00	The investment objective of the STANLIB Africa Income Fund is to generate income and capital growth over the long-term by providing investors with exposure to investment opportunities in the African fixed income markets.	✓.
STANLIB Africa Income Fund	B1	1,06	0,85	2 701 328,95	The STANLIB Africa Income Fund will invest in the fixed income instruments of issuers domiciled on the African continent, or conducting a significant portion of their business operations on the African continent, including South Africa.	
STANLIB Africa Equity Fund	B1	0,49	6,06	1 080 303,30	The investment objective of the STANLIB Africa Equity Fund is to generate capital growth over the long term, with income generation as a secondary objective, by providing investors exposure to African markets. □ This portfolio can invest across countries and industry sectors as well as across the range of large, mid and smaller cap equity securities. This portfolio does not subscribe to a particular theme or investment style. The securities normally to be included in the portfolio will be securities of companies operating in Africa (excluding South Africa) or companies with operations predominantly in Africa (excluding South Africa).	✓.
STANLIB Africa Property Fund	B1	1,36	3,73	16 582,63	The investment objective is to generate growing yield and to compliment this with capital growth over the long term by providing investors exposure to listed property securities in Africa. □ The portfolio will invest across countries in financially sound property shares and property related securities listed on African exchanges or companies with operations predominantly in Africa such as property loan stock and debentures. The manager may from time to time invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy.	

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB Aggressive Fund Of Funds	A	2,43	1,48	18 469 891,88	The primary investment objective of the portfolio will be to achieve higher than average capital growth over the longer term at the risk of greater short-term volatility of capital values, with income generation as a secondary objective. The following asset allocation limitations will apply to the portfolio: Equity Funds - 75% to 95%, Property Funds - 0% to 20%, Bond Funds - 0% to 10%, Money Market and Income Funds - 0% to 10% of the value of the Portfolio. The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	✓
STANLIB Aggressive Fund Of Funds	B1	2,43	0,93	14 587 834,87		
STANLIB Aggressive Income Fund	A	1,54	1,26	600 773 774,92	The investment objective of the portfolio is to provide an efficient investment medium whereby investors can participate in a portfolio that will seek to generate a high level of income, as well as the potential for capital growth. Securities normally to be included in this portfolio means cash, bonds, financially sound and appropriate preference shares, property shares, stock including property loan stock, debentures, debenture stock and debenture bonds, unsecured notes, collective investment schemes in property, non-equity and other securities listed on exchanges which are considered consistent with the portfolio's primary objective and that the Act or the Registrar may allow from time to time. The portfolio may be fully invested in any of the above-mentioned asset classes at any particular time. The portfolio may invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy. The portfolio may from time to time invest in financial instruments. The portfolio will not be permitted to invest its assets in foreign investment markets.	✓
STANLIB Aggressive Income Fund	B1	1,54	1,03	666 880 213,51		
STANLIB Balanced Cautious Fund	A	1,55	1,80	2 862 981 684,76	To achieve a reasonable level of current income and long-term capital growth at average risk levels whilst complying with the prudential investments guidelines. The portfolio will consist of a diversified spread of investments in securities and non-equity securities, in a manner which is similar to that usually employed by retirement schemes with maximum equity exposure of 40%. The portfolio may also invest in participatory interest and other forms of participation in portfolios of collective investment schemes or other similar schemes operated in territories with regulator environment which is to the satisfaction of the manager and trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa.	✓
STANLIB Balanced Cautious Fund	B1	1,56	1,24	2 052 018 149,98		
STANLIB Balanced Fund	A	7,32	1,87	212 738 468,66	The Portfolio's main objective is to generate a reasonable level of current income and capital growth for the investor. The portfolio will consist of a diversified spread of investments in securities and non-equity securities, in a manner which is similar to that usually employed by retirement schemes. The investments in securities would include shares and preference shares, including property shares and property loan stock, listed on exchanges, non-equity securities and participatory interests of other collective investment schemes.	✓
STANLIB Balanced Fund	B1	7,33	1,30	409 730 905,44		
STANLIB Balanced Fund	R	7,33	1,30	15 923 979,83		
STANLIB Balanced Trustees Fund Of Funds	A	1,88	1,72	93 102 617,05	The manager will seek to achieve medium to long-term capital growth, relative stability for capital invested as is consistent with capital preservation and a stable level of current income. Participatory interests in equity, property, asset allocation and fixed interest portfolios. The inclusion of equity, property, asset allocations and fixed interest portfolios will not be limited to a specific sector(s).	✓
STANLIB Balanced Trustees Fund Of Funds	B1	1,88	1,16	192 874 069,13		
STANLIB Bond Fund	A	1,74	0,85	93 102 617,05	The portfolio aims to achieve capital growth and income generation by investing in long term fixed interest securities. Securities will normally consist of a spread of gilts, semi-gilts, loan stock, debentures, debenture bonds, approved securities, notes and liquid assets and any other securities which are consistent with the portfolio's investment policy.	✓
STANLIB Bond Fund	R	1,74	0,85	192 874 069,13		
STANLIB Capped Property Index Tracker Fund	B1	1,02	0,41	25 379 939,39	The investment objective of the STANLIB Capped Property Index Tracker Fund is to achieve a total return that substantially equates to the total return of FTSE/ JSE Capped Property Index after accounting for fees and costs. The securities to be acquired for the fund will consist of shares held by the FTSE/ JSE Capped Property Index.	
STANLIB Capital Growth Fund	A	5,61	1,71	12 701 406,73	The portfolio's primary objective is to achieve medium to long-term capital growth. The generation of income shall be secondary to the primary objective of maximising capital growth. Investments will consist of: Ordinary shares consisting of a range of blue chip and emerging blue chip shares; shares in medium sized companies; and participatory interests in other similar collective investment schemes.	✓
STANLIB Capital Growth Fund	R	5,63	1,14	95 768 599,37		
STANLIB Conservative Fund Of Funds	A	1,43	1,44	567 503 357,42	The primary investment objective of the portfolio will be to obtain a high level of income with capital growth over the longer term as a secondary objective, at a low risk of short to medium term volatility of capital values. Investments to be included in the portfolio will, apart from assets in liquid form, consist solely of participatory interests of Portfolios of the STANLIB Collective Investment Scheme. The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	✓
STANLIB Conservative Fund Of Funds	B1	1,43	0,88	197 488 275,53		
STANLIB Corporate Money Market Fund	B1	1,00	0,46	1 079 675 189,10	The primary objective of the composite is to obtain as high level of current interest as is consistent with capital preservation and liquidity. Capital gain (as opposed to capital preservation) is of secondary importance. This composite is precluded from holding foreign exposure, direct or indirectly.	✓

General Investor Report as at 30/09/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB Enhanced Yield Fund	A	1,00	0,63	2 589 461 864,76	The investment objective of the portfolio is to maximise the current level of income within the restrictions set out in the investment policy, while providing maximum stability of capital. The portfolio will aim to achieve performance returns in excess of money market yields and current account yields.	
STANLIB Enhanced Yield Fund	B1	1,00	0,61	75 163,66	The portfolio will invest its assets in South African markets at all times and will be permitted to invest in a flexible mix of non-equity securities, including but not limited to money market instruments, bonds, fixed deposits, listed debentures, preference shares and other high yielding securities, as well as any other securities which may be approved by the Registrar from time to time and which are consistent with the investment policy of the portfolio, to the maximum levels permitted by the Collective Investment Schemes Control Act, No. 45 of 2002, and the Regulations thereto, as amended from time to time. In respect of the flexible nature of this portfolio, the portfolio may thus be fully invested in any of the above-mentioned asset classes at any particular time, while complying with the stated duration and tenor limitations. The maximum average weighted duration of the portfolio is 180 days and the maximum tenor for any one instrument is 36 months.	✓
STANLIB Equity Fund	A	268,60	1,89	1 973 651,85	The Portfolio's main objective is steady growth of income and capital, a reasonable level of current income and the maximum stability for capital invested. The securities to be included will consist of securities, non equity securities and participatory interest of collective investment schemes in securities.	✓
STANLIB Equity Fund	R	268,99	1,31	11 363 109,05		
STANLIB Extra Income Fund	B1	0,87	1,14	4 355 017 896,16	The portfolio's primary objective is a reasonable level of current income and maximum stability for capital invested. Investments will include a flexible mix of non-equity securities, including but not limited to money market instruments, bonds, fixed deposits, listed debentures and other high yielding securities, as well as any other securities which may be approved by the Registrar from time to time and which are consistent with the investment policy of the portfolio, to the maximum levels permitted by the Collective Investment Schemes Control Act, No 45 of 2002, and the Regulations thereto, as amended from time to time. The portfolio will be managed in compliance with the Prudential Investment Guidelines that are applicable to retirement funds from time to time.	✓

STANLIB Moderately Conservative Fund Of Funds	A	1,70	1,45	384 632 201,55	The primary investment objective of the portfolio will be to obtain a reasonably high level of income generation and to achieve capital growth over the longer term at a moderate to low risk of short term volatility of capital values. Investments to be included in the portfolio will, apart from assets in liquid form, consist solely of participatory interests of Portfolios of the STANLIB Collective Investment Scheme.	✓
STANLIB Moderately Conservative Fund Of Funds	B1	1,70	0,89	274 245 356,49	The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	
STANLIB Moderate Fund Of Funds	A	1,90	1,44	182 741 134,96	The primary investment objective of the portfolio will be to achieve income generation and capital growth over the longer term at a moderate risk of short-term volatility of capital values.	✓
STANLIB Moderate Fund Of Funds	B1	1,90	0,88	170 282 188,43	Investments to be included in the portfolio will, apart from assets in liquid form, consist solely of participatory interests of Portfolios of the STANLIB Collective Investment Scheme. The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	
STANLIB Medical Investment Fund	B1	1,30	0,60	390 618 388,22	The portfolio shall be a specialist portfolio and shall aim to provide maximum total return in the form of income generation and capital growth, while maintaining the liquidity requirements and investment limitations in terms of the prudent investment guidelines as may be applicable to medical schemes from time to time. The portfolio will invest in a flexible mix of equity, bond, money market, property and financial instruments, as well as any other securities which may be approved by the Registrar from time to time and which are consistent with the investment policy of the portfolio, to the maximum levels permitted by the Collective Investment Schemes Control Act, No. 45 of 2002, and the Regulations thereto, as amended from time to time, as well as the prudent investment guidelines as may be applicable to medical schemes from time to time. The more stringent investment limitations will be applicable at all times. The manager may from time to time invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes. Investments within such participatory interests in portfolios of collective investment schemes must be applied on a look-through basis, in terms of the prudent investment guidelines as may be applicable to medical schemes from time to time. The portfolio may invest in financial instruments and foreign investment markets.	✓
STANLIB Low Equity Balanced Passive Fund of Funds	A	1,01	0,83	10 000,00	The investment objective of the STANLIB Low Equity Balanced Passive Fund of Funds is to provide investors with exposure to all of the traditional asset classes at a low fee. Accordingly, the portfolio invests into index tracking funds (where possible) to gain exposure to the following asset classes: i. South African Equity ii. South African Bonds iii. South African Inflation-Linked Bonds iv. South African Cash v. Global Equity vi. Global Bonds vii. Global Cash	✓
STANLIB Low Equity Balanced Passive Fund of Funds	B1	1,01	0,82	50 045 684,18	The allocation to each asset class is determined by its long-term expected return, volatility and the ability to provide diversification from other asset classes.	
STANLIB Property Income Fund	A	6,68	1,49	589 438 872,43	The Portfolio's primary objective is growth of capital and to provide an income source for investors. Investments to be acquired will consist of property shares, stock including property loan stock, debentures, debenture stock and debenture bonds, unsecured notes, property unit trusts and other securities listed on exchanges which is considered consistent with the portfolio's primary objective. The Portfolio may increase liquidity to 50% (percent) if it is deemed necessary by the Manager. The Portfolio's exposure to fixed interest securities shall be limited to 30% (thirty percent). The Portfolio may also invest in the participatory interests of collective investment schemes.	✓
STANLIB Property Income Fund	B1	6,69	1,15	514 914 226,85		
STANLIB Prudential Bond Fund	A	1,00	1,14	4 683 831,02	The investment objective of the STANLIB Prudential Bond Fund is to provide an efficient investment medium whereby investors can participate in a portfolio that will seek to achieve maximum overall return, in the form of both interest income and capital growth. The STANLIB Prudential Bond Fund will consist of a spread of predominantly non-equity securities issued by listed corporate institutions and any public entity which may be included in a portfolio in terms of the Act and relevant legislation, to the maximum permitted by the Act, and any other securities, which may be included in a portfolio in terms of the Act and relevant legislation, which are consistent with the portfolio's investment policy, and which will include but will not be limited to preference shares and property related non-equity securities. The STANLIB Prudential Bond Fund may from time to time invest in financial instruments, in accordance with the provisions of the Act, in order to achieve the portfolio's investment objective. The portfolio will be permitted to invest its assets in foreign investment markets.	✓
STANLIB Prudential Bond Fund	B1	1,00	0,59	250 079 258,90		

General Investor Report as at 30/09/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB Quants Fund	A	4,57	1,85	5 018 872,58	The Portfolio's primary objective is to achieve stable medium to long-term capital growth with lower volatility than that of other general equity portfolios, with income generation as a secondary objective. The securities to be included will predominantly consist of shares in companies listed on exchanges and when appropriate other securities (including non-equity securities and preference shares) that represent the positioning of the average General Equity Collective Investment Portfolio. Quantitative analysis techniques and a multi factor styling model will be used in selecting securities. The equity selection style will rotate between growth and value shares.	✓
STANLIB Quants Fund	B1	4,59	1,28	18 701 849,28		
STANLIB Resources Fund	R	22,77	1,16	20 067 010,48	The Portfolio's primary objective is steady growth of income and capital, a reasonable level of current income and stability for capital invested. The Investments will be made primarily in mining, mining financial, metals, minerals, energy, commodity and related securities. The securities to be included will consist of ordinary shares, and also non-equity securities and preference shares.	✓
STANLIB Resources Fund	A	22,73	1,73	3 264 029,76		
STANLIB SA Equity Fund	R	7,73	1,14	9 083 535,14	The Portfolio's primary objective is steady growth of income and capital in the longer term. The securities to be included will consist of ordinary shares from a broad spectrum of the sectors of the JSE Securities Exchange and when appropriate, other securities, including non-equity securities and preference shares. The Trustees shall ensure that the composition of the assets and their respective proportions in this Portfolio will not be identical to the STANLIB Equity Fund at all times.	✓
STANLIB SA Equity Fund	A	7,74	1,72	235 432 202,89		
STANLIB Shariah Equity Fund	A	1,08	1,72	72 932 042,88	The investment objective of the STANLIB Shari'ah Equity Fund is to primarily generate capital growth over the medium to long term, whilst conforming to the religious and cultural beliefs of Muslim investors. The generation of income will be a secondary objective. This portfolio will invest in a mix of predominantly South African equity securities, as well as foreign equity securities, and when appropriate, other securities such as non-equity securities as may be permitted by the Shari'ah Standards of the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI). The manager may invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time: Provided that the investments are done in accordance with the manner, limits and conditions as determined by the Registrar from time to time, as well as the Shari'ah Standards of the AAOIFI. No limits are specified with regard to a specific sector(s). The manager may invest in financial instruments in accordance with the manner, limits and conditions as determined by the Shari'ah Standards of the AAOIFI.	✓
STANLIB Shariah Equity Fund	B1	1,08	1,15	54 602 253,24		
STANLIB Value Fund	A	7,70	1,71	26 465 856,48	The Portfolio's primary objective is medium to long-term capital growth, with income generation as a secondary objective. The securities to be included will predominantly consist of shares in companies listed on exchanges. The shares to be acquired will be shares which in the opinion of the Manager have greater intrinsic value than that reflected by their share prices in the relevant market.	✓
STANLIB Value Fund	B1	7,73	1,14	21 013 970,26		
STANLIB US Dollar Currency Fund of Funds	A	1,48	0,99	175 392 942,81	The Portfolio's main objective is long-term growth of capital and income. Investments to be included will, apart from assets in liquid form consist solely of participatory interests of collective investment schemes. The participatory interests to be included would include a selection of participatory interests in collective investment schemes which invest principally in US Dollar denominated fixed interest portfolios. Initially, the foreign collective investment schemes to be included in the Portfolio will include the following schemes: Fidelity Funds SICAV, Fidelity Funds SICAV II, Fidelity Investments Funds OEIC and Fidelity's UK Authorised Unit Trusts.	✓

General Investor Report as at 30/09/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB Multi-Manager						
STANLIB Multi-Manager Low Equity Fund Of Funds	A	2,22	1,74	465 455 346,52	The Fund's objective is to provide modest long-term growth of capital and good income, with a low probability of capital loss over the short term. It aims to outperform CPI (South African Inflation) plus 3% p.a. (i.e. to provide a real return of 3% p.a.) over rolling 3-year periods.	✓
STANLIB Multi-Manager Low Equity Fund Of Funds	B1	2,23	1,07	277 261 720,12		
STANLIB Multi-Manager Medium Equity Fund Of Funds	A	3,37	1,82	174 825 734,90	The Fund adopts the specialist approach whereby exposure to each asset class is gained via a multi-managed building block. It is well diversified across domestic and foreign asset classes. Its main objective is to provide modest long-term growth of capital and income, with a low probability of capital loss over the short to medium term. The Fund aims to achieve CPI+4% p.a over 4-year rolling periods. The Fund is exposed to multiple best-of-breed managers, investment styles, asset classes and strategies providing investors with additional diversification benefits. The tactical exposure to each asset class is actively managed – expected total equity content of between 45% and 55%. The Fund is regulation 28 compliant.	✓
STANLIB Multi-Manager Medium Equity Fund Of Funds	B1	3,37	1,15	187 844 382,86		
STANLIB Multi-Manager Diversified Equity Fund Of Funds	A	2,72	2,10	57 182 580,63	The Fund's investment objective is to provide long-term capital growth through investment in local and global equity markets. It is a fully invested, multi-managed equity portfolio managed within the guidelines of the ASISA South African Equity General Sector (currently a maximum of 25% global equity) allowed. The Fund aims to achieve CPI+7% p.a over 7-year rolling periods. The Fund is not regulation 28 compliant.	✓
STANLIB Multi-Manager Diversified Equity Fund Of Funds	B1	2,72	1,53	79 865 153,85		
STANLIB Multi-Manager Global Equity Feeder Fund	A	2,64	2,00	75 444 198,48	The Fund adopts a multi-managed approach to investing and blends different skilled and experienced active equity managers and strategies (with some passive and risk premium strategies). This is a global-only ZAR denominated portfolio and invests in equities (all industries and sectors, and all capitalisations sizes) listed in global equity markets. The Fund aims to deliver investors with high capital growth over the long-term. The Fund's objective is to outperform its global equity benchmark over the long-term.	✓
STANLIB Multi-Manager Global Equity Feeder Fund	B1	2,84	1,54	114 430 739,14		
STANLIB Multi-Manager Global Equity Feeder Fund	R	2,91	1,59	150 142 368,68		
STANLIB Multi-Manager Flexible Property Fund	A	2,71	1,50	147 537 354,10	The Fund is a diversified income portfolio with a bias to listed property shares. It will be invested in domestically listed property shares, as well as other high-yielding income producing assets (namely bonds and money market instruments); with the flexibility to adjust the property weight according to market conditions. It aims to generate a reasonably high level of income and moderate capital growth. Given that it has around 40% and 85% exposure to listed property, with the balance exposed to fixed interest securities, it will be a more conservative Fund than a fully invested property portfolio. Through time, the Fund is designed to provide most of the upside of listed property with significantly less volatility.	✓
STANLIB Multi-Manager Flexible Property Fund	B1	2,71	1,16	413 426 200,91		
STANLIB Multi-Manager Real Return Fund	A	2,17	2,02	74 251 230,50	This is a multi-asset class portfolio that is diversified across asset classes, sectors, various strategies and asset managers - both in South Africa and internationally. The portfolio's objective is to outperform CPI plus 5% over rolling 3-year periods.	✓
STANLIB Multi-Manager Real Return Fund	B1	2,17	1,44	239 757 124,22		
STANLIB Multi-Manager Medium-High Equity Fund of Funds	A	2,77	1,89	8 696 314,66	The Fund adopts the specialist approach whereby exposure to each asset class is gained via a multi-managed building block. It is well diversified across domestic and foreign asset classes. Its main objective is to provide moderate long-term capital growth and income, with a low probability of capital loss over the long term. The Fund aims to achieve CPI+5% p.a over 5-year rolling periods. The Fund is exposed to multiple best-of-breed managers, investment styles, asset classes and strategies providing investors with great diversification benefits. The tactical exposure to each asset class is actively managed – expected total equity content of between 60% and 70%. The Fund is regulation 28 compliant	✓
STANLIB Multi-Manager Medium-High Equity Fund of Funds	B1	2,78	1,22	33 913 966,58		
STANLIB Multi-Manager High Equity Fund of Funds	A	4,13	1,99	4 025 873,12	The Fund adopts the specialist approach whereby exposure to each asset class is gained via a multi-managed building block. It is well diversified across domestic and foreign asset classes. Its main objective is to provide long-term growth of capital and modest income, with a low probability of capital loss over the long term. The Fund aims to achieve CPI+6% p.a over 6-year rolling periods. The Fund is exposed to multiple best-of-breed managers, investment styles, asset classes and strategies providing investors with additional diversification benefits. The tactical exposure to each asset class is actively managed – expected total equity content of between 65% and 75%. The Fund is Regulation 28 compliant.	✓
STANLIB Multi-Manager High Equity Fund of Funds	B1	4,14	1,30	14 509 036,74		
STANLIB Multi-Manager Property Fund	A	5,93	1,49	91 022 023,11	The Fund adopts a multi-managed approach to investing and blends experienced property managers with different investment philosophies and strategies. The Fund aims to provide investors with high income and long term capital growth by investing in listed property shares. The Fund's objective is to outperform the FTSE/JSE SA Listed Property Index (SAPY) and produce returns in excess of the ASISA Real Estate General Sector average.	✓
STANLIB Multi-Manager Property Fund	B1	5,93	1,15	219 804 659,75

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	
STANLIB Multi-Manager Absolute Income Fund	A	1,06	1,02	65 623 426,43	The Fund is a flexible income solution which aims to provide investors with regular and stable income. It targets a higher return than a traditional money market fund and intends to manage the investor's exposure across the entire fixed interest yield curve, using a flexible duration strategy. The Fund does not rely solely on cash to generate income, nor does it rely on the investment view of any single manager. The Fund is regulation 28 compliant. The objective of the Fund is to outperform the average of the ASISA MA Income category, at risk levels consistent with that of the sector.	✓
STANLIB Multi-Manager Absolute Income Fund	B1	1,06	1,32	141 223 192,00		
STANLIB Multi-Manager Balanced Fund	A	4,19	2,13	47 958 667,81	This is a multi-asset class portfolio that is diversified across asset classes, sectors, various strategies and asset managers - both in South Africa and internationally. The portfolio's objective is to outperform the Alexander Forbes South African Global BIV survey average. The Fund is Regulation 28 compliant.	✓
STANLIB Multi-Manager Balanced Fund	B1	4,19	1,57	102 997 122,14		
STANLIB Multi-Manager Bond Fund	B1	0,99	0,65	210 223,91	The Fund invests in South African interest bearing securities, consisting of a wide variety of bonds, including but not limited to government bonds with varying sensitivity to interest rates at various terms (collectively known as duration), listed and unlisted corporate bonds, inflation linked bonds as well as a component of cash to manage liquidity requirements. The Fund aims to deliver returns ahead of the JSE All Bond Index over time.	✓
STANLIB Multi-Manager Defensive Balanced Fund	A	1,11	1,90	46 179 411,19	This is a multi-asset class portfolio that is diversified across asset classes, sectors, various strategies and asset managers - both in South Africa and internationally. The portfolio's objective is to outperform CPI plus 3% over rolling 3-years period.	✓
STANLIB Multi-Manager Defensive Balanced Fund	B1	1,11	1,34	40 915 422,93		
STANLIB Multi-Manager Equity SA Fund	A	9,05	1,82	13 852 998,16	The Fund adopts a multi-managed approach to investing and blends different skilled and experienced active equity managers and strategies (with some passive and riskpremium strategies). This is a local-only portfolio and invests in equities (all industries and sectors, and all capitalisations sizes) listed in South Africa (although many of these companies will have significant offshore assets and revenue). The Fund aims to provide investors with high capital growth over the long-term. The Fund's objective is to outperform the ASISA Equity General Sector average, at risk levels consistent with that of the sector.	✓
STANLIB Multi-Manager Equity Fund	B1	9,05	1,26	55 468 854,63		
STANLIB Multi-Manager Enhanced Yield Fund	B1	1,01	0,61	741 974,65	The Fund is an enhanced cash plus solution that invests in short-term interest earning and money market instruments. It is diversified across different types of money market, enhanced yield and income type strategies to ensure that the Fund is conservative, liquid and competitive in the ASISA Interest Bearing Short Term sector. The Fund is benchmarked against the STeFI Composite Index, with the aim of delivering regular income distributions and performance in excess of money market returns.	✓
STANLIB Multi-Manager Shariah Balanced Fund of funds	A	1,14	2,14	38 765 296,16	The Fund is a multi-asset class (including foreign) Shari'ah compliant portfolio that is diversified across asset classes, sectors and asset managers. The Fund aims to provide long-term growth of capital and income with volatility at levels consistent with Shari'ah balanced (± 60% equity) portfolios. The objective of the Fund is to outperform the average of investable peers' returns i.e. the Shari'ah balanced peer average, at risk levels consistent with that of these peers.	✓
STANLIB Multi-Manager Shariah Balanced Fund of funds	B1	1,14	1,31	102 876 262,61

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective
Noble					
Noble PP STANLIB Flexible Fund	A	1,24	1,51	637 293 312,80	A flexible portfolio that aims to provide investors with consistent inflation-beating total returns, whilst minimizing downside risk. The portfolio may invest in financially sound local equity securities, bonds, property shares, property related securities, preference shares, money market instruments and assets in liquid form. The portfolio may also invest in participatory interests and other forms of participation in South African portfolios of collective investment schemes or other similar schemes operated in territories with a regulatory environment which is to the satisfaction of the manager and trustees.
Noble PP STANLIB All Weather Fund of funds	A	2,64	2,76	11 259 501,03	The Noble PP All Weather Fund of funds is a flexible Fund of funds. The primary investment objective of the portfolio is to provide the investor with high long term capital growth. It will invest in a broad range of participatory interests and other forms of participation in collective investment schemes or similar schemes. Investments to be included in the Noble PP All Weather Fund of funds will, apart from assets in liquid form, consist solely of participation interests in portfolio of collective investment schemes investing in equity securities, property shares, property related securities, non equity securities and money market securities. In order to achieve these objectives, the manager shall have maximum flexibility in terms of asset allocation and shall not be precluded from continually varying the exposure to equity securities, non-equity securities, money market portfolios and assets in liquid form. The underlying portfolios of similar schemes operated in territories with a regulatory environment standard to provide investor protection at least equivalent to that in South Africa and which is consistent with the portfolio's primary objective.
Noble PP STANLIB Balanced Fund of funds	A	2,21	2,62	195 242 886,96	The Noble PP STANLIB Balanced Fund of funds is a cautiously managed defensive Fund of funds. The primary investment objective of the portfolio is to provide the investor with a moderate level of income and capital growth, and will seek to follow an investment policy which will reflect a spread of investments aiming at income and capital growth normally associated with the investment structure of a retirement fund with a cautious risk profile.
Noble PP STANLIB Balanced Fund of funds	B1	2,22	2,06	88 998 885,62	
Noble PP STANLIB Strategic Income Fund of funds	A	1,80	2,62	191 501 263,26	The Noble PP STANLIB Strategic Income Fund of funds is a conservatively managed Fund of funds. The objective of this portfolio is to provide the investor with a high level of income combined with relatively low long term capital growth, and will seek to follow an investment policy which will reflect a spread of investments aiming at income and capital growth normally associated with the investment structure of a conservative retirement fund.
